

M/Y MINE GAMES

TRINITY

Mine Games is Trinity Yacht's recently launched 164ft aluminum tri-deck motor yacht, built in Gulfport, Mississippi. Her distinctive exterior is complemented by her highly individual custom classic interior by Patrick Knowles Design, featuring raised paneling in American cherry, maple burl and figured bubinga with a hand-polished finish. Some of her many features include hand-forged black iron railings with gold accents, intricate marble medallions at the aft saloon entry and under the dining saloon table, and many other stone elements throughout her interior. There are also hand-painted scenes on the overheads of the main saloon, dining saloon and skylounge. An old world painting on canvas featuring an old Italian countryside villa covers the entire outboard bulkhead of the main deck dayhead. Guest accommodations are in four cabins

on the lower deck and a split-level master stateroom forward on the main deck, featuring a 180-degree panoramic view from the bed and, on the lower level, a lounge and his-and-hers bathrooms. Other guest areas include a combined bar, saloon and dining area on the main deck and a more relaxed saloon, also with a bar, on the pilothouse deck. The skylounge aft deck has a unique powered hi-low round table with expanding leaves that are stored under the tabletop when in the retracted position. Twin Caterpillar 3516BHD engines producing 3,384hp at 1,800rpm provide a top speed of approximately 24 knots and a cruising range of approximately 3,000nm at 13 knots. She is fitted with a zero-speed stabilizing system from Quantum and carries a variety of water toys including a 22ft tender, two jet-skis and a small submarine.
