187' (57.0m) Lady Linda Delivered by Trinity Yachts

See Lady Linda on the T-Dock at the Monaco Yacht Show, 19-22 September 2012
Already Successfully Crossing the Atlantic, Lady Linda is in the Med Enjoying the Summer Months

16 July 2012, Gulfport, Mississippi: Trinity Yachts is pleased to announce the delivery of the exquisite *Lady Linda*, the 187' (57.0m) tri-deck semi-displacement custom built aluminum superyacht. This is the third Trinity for a Florida couple who understand Trinity's ability to custom build to meet personal requirements. She is every meter an example of Trinity's trademark naval architecture, exterior styling and unfaltering engineering. Celebrated interior designer, Evan Marshall of London, has set her luxurious entertaining and accommodations tone within a contemporary design.

Of paramount importance to the owners, *Lady Linda* needed to be built for berthing behind their Florida residence, to be capable of handling the shallow waters of the Bahamas and to provide guests matching accommodations. By designing her with an expansive 33'4" (10.2m) beam, Trinity Yachts accomplishes these critical requests. Her wide beam allows for a shallow 8' (2.4m) draft—allowing access to shallow-water berths, ports and destinations which are generally unavailable to yachts of similar length and size—and creates enough space for equally-sized guest cabins.

Lady Linda's forward main deck full-width king master suite is ensuite his shower, her shower and Jacuzzi. More her roomy size includes a large owner's office as part of the master suite. The owner also specified a half-beam gym aft of the pilothouse which—with Trinity's design ingenuity—easily converts into the fifth guest cabin.

The four half-beam equally-sized guest staterooms are located amidships below. Stunning in their design, the staterooms are oriented to the ocean; incredible sea view vistas are available in each. All are ensuite, roomy and exquisitely detailed with granite, marble and soft, earthy colors.

The main deck features an elegant entrance foyer and voluminous socializing space in the main and dining salons. Advanced electronics include auto lifting television systems, total surround sound and networked computer equipment with uninterrupted power sources. *Lady Linda's* galley, skylounge and sundeck are outfitted with the finest makes and models from Wolf to Miele, Viking and Subzero. *Lady Linda's* crew quarters—including a spacious lounge—are also equipped with top-of-the-line utilities and comforts.

The pilothouse deck with air conditioned aft exterior deck provides abundant space with a full-beam skylounge and large aft deck. Featuring design unique to Trinity, her sundeck is outfitted with floor-to-ceiling glass doors to deflect wind. The

sundeck also features a large bar and seating, a hot tub, is “touch and go” heli-ready and is equipped with a davit suitable for rescue tender, jet skis and water toys.

As with all Trinity superyachts, collaboration between owner, owner’s rep—Mr. Ingo Pfothenauer—builder and interior designer creates a truly custom yacht built to exacting specification. The result is the delivery of a truly magnificent yacht: *Lady Linda*.

Trinity M/Y *Lady Linda*—Primary Specifications

Name/Hull Number	<i>Lady Linda</i> , Trinity Yachts Hull No. T050
Type	Tri-Deck Motoryacht
Construction	Aluminum Hull and Aluminum Superstructure
Length	187’ (57.0m)
Beam	33’4” (10.2m)
Draft, Half Load	8’ (2.4m)
Displacement, Trial Load	543.5 L.T.
Propulsion	2x Caterpillar 3516-C HD: 3,384hp each at 1800 rpm
Maximum Speed	20 knots, approximately
Range	4,500 nautical miles at 10 knots
Fuel Capacity	23,530 gallons (89,070L), approximately
Classification	ABS Maltese Cross A1 Yachting Service, AMS, MCA, 798.5 IGT
Naval Architect	Trinity Yachts, LLC
Interior Designer	Evan Marshall
Owner/Guests	Twelve (12) in six (6) staterooms
Crew	Twelve (12-14) in seven (7) cabins
Delivery	2012
